Foreword

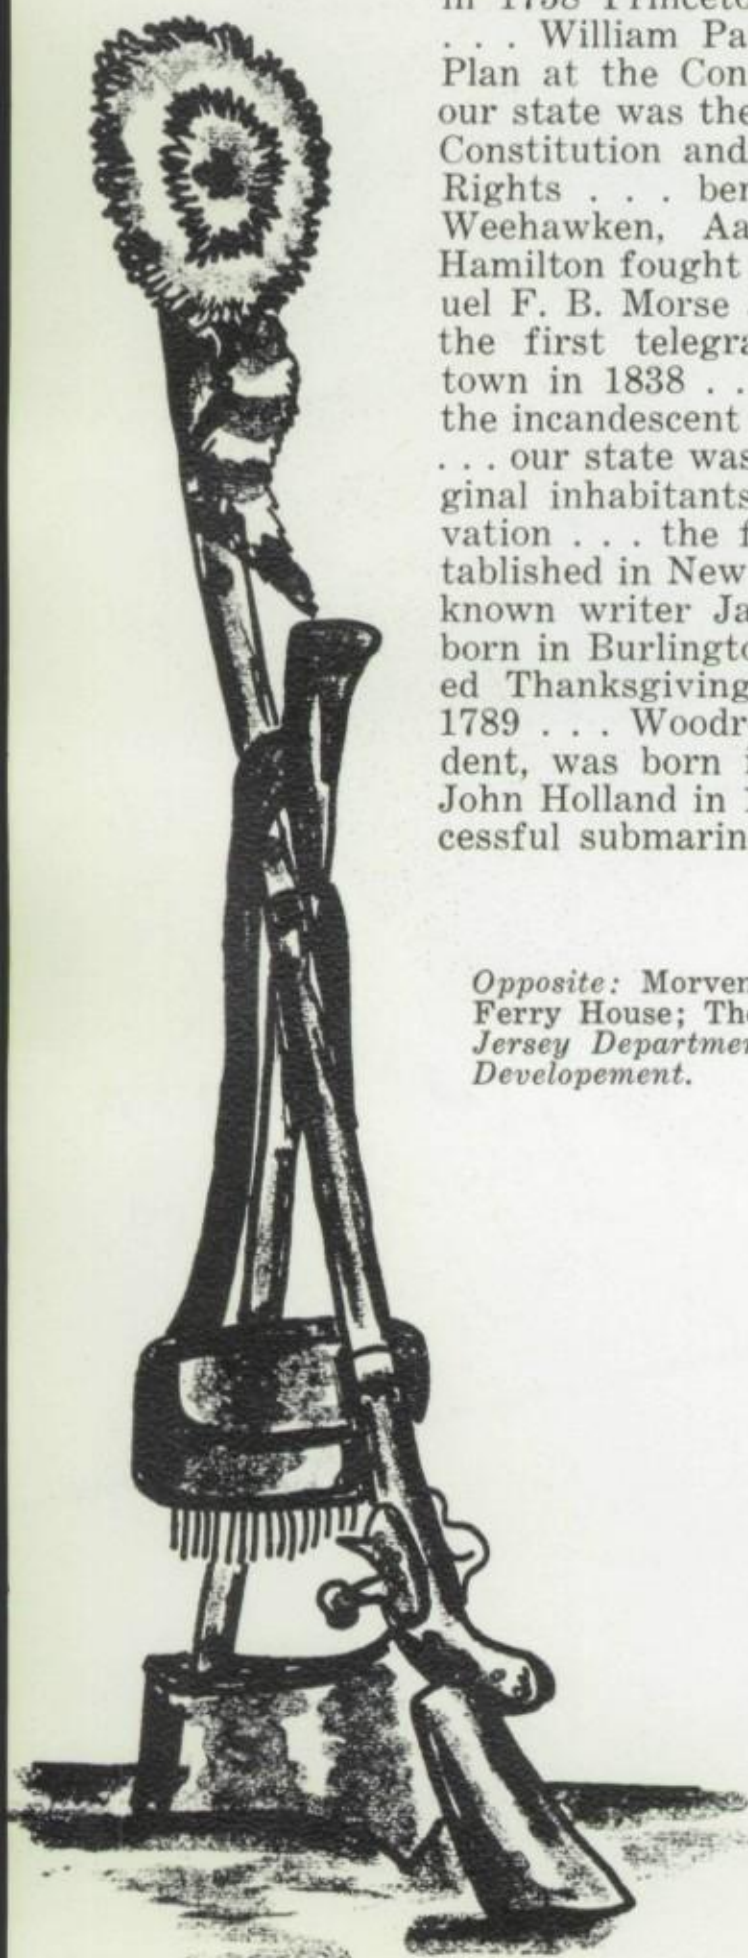

As the time of our commencement draws near and we fondly muse upon our progress as a class, so also approaches the time of our State's Tercentenary when its people reflect upon the progress and prestige it has attained. Our yearbook salutes "the people, purpose, and progress" of both our class and our illustrious state, which is celebrating its 300th anniversary in this year of nineteen hundred and sixty four.

FROM

1664...

We're from New Jersey and proud of it. Proud that: the first log cabin ever built was in New Jersey . . . ours was the only state to buy its land from the Indians . . . Washington crossed the Delaware here . . . in 1758 Princeton was our nation's capital . . . William Paterson presented the N. J. Plan at the Constitutional Convention . . . our state was the third to ratify the Federal Constitution and first to ratify the Bill of Rights . . . beneath the Palisades near Weehawken, Aaron Burr and Alexander Hamilton fought their famous duel . . . Samuel F. B. Morse and Alfred Vail tapped out the first telegraph message near Morristown in 1838 . . . Thomas Edison invented the incandescent electric lamp at Menlo Park . . . our state was the first to supply the original inhabitants of America with a reservation . . . the first Colonial Bank was established in New Jersey in 1688 . . . the well known writer James Fenimore Cooper was born in Burlington . . . New Jersey advocated Thanksgiving as a national holiday in 1789 . . . Woodrow Wilson, our 28th president, was born in New Jersey . . . citizen John Holland in 1881 launched the first successful submarine in the Passaic River . . .

the world famous scientist, Albert Einstein, lived and worked in Princeton . . . every year Atlantic City, "The Playground of the World", hosts the beauties of our nation . . . Trenton produces the world famous Lenox china . . . New Jersey ranks first in the nationwide production of clams and blueberries . . . "What Trenton Makes the World Takes" . . . the legend of the Jersey Devil is part of our heritage . . . one of the largest libraries in the East is located in Princeton . . . our state is advancing more and more every day. We're proud too that we belong to this state and that upon receiving our diplomas from high school, we may put our knowledge to a useful purpose and hope that we may contribute to the progress of our state.

HOWARD D. MORRISON

We dedicate

Mr. Howard D. Morrison's record of achievement as a teacher, Mercer County Superintendent of Schools and finally, Superintendent of Schools in Hamilton Township, has been noted and praised by many individuals and organizations and we, the students of Steinert High School, would like to add our voices to his praise by the dedication of this, the 1964 Cresset, to his memory.

His many years of service to our school community and to the interests of our education will not be forgotten. He not only tried to satisfy the needs of our community but also led us into wanting greater values in our educational system.

We regret his passing from the scene of life and the scene of education in Hamilton Township. Our memorial to him will be to continue to achieve those goals which his voice urged us to attain.

Our signposts are our people. We believe that knowledge, without the people to forge it, is of no use.

These are our people, — our administrators, our teachers and our classmates who, tempered by maturity and education, lead, and will lead the way to a more perfect future.

Dr. and Mrs. Law

We welcome . . .

DR. AND MRS. LILLARD LAW to the community of Hamilton Township and its school system.

Dr. Law assumed the position of Superintendent of Schools of Hamilton Township on October first of this school year, and he and Mrs. Law were warmly welcomed at a tea, sponsored by the Hamilton Township Teacher's Association, held in their honor, November 17. In the picture below, Mrs. Hickman is pictured at the tea "pouring" for Dr. Reid and Mrs. Brearley, while in the bottom picture, Mrs. Connors shares an amusing anecdote with board president, Mr. Crockett.

At the same reception, Mr. Coursen, assistant to Dr. Law, takes a moment to chat with our principal, Mr. Watson, while Miss Reininger and Mrs. Law exchange greetings.

In the hands of the people pictured on these pages lies the burden of our greatest gift of all, an education to prepare us to assume the responsibilities of an adult life. We feel assured that the job will be well done.

BOARD OF EDUCATION

Left to right: Seated: Mr. Coursen, Assistant Superintendent; Dr. Law, Superintendent; Mr. Crockett, Board President; Mr. Stilwell, Board Secretary; Mr. Gill, Board Attorney. Standing: Board members Mr. Lugosy, Mr. Martin, Mr. D'Arcy, Mr. Ridolfi, Mr. Mitchell, Mr. Pack, Mr. Dunn.

ADMINISTRATION

The organization and planning of a school year,—its academic program, its social calendar and the meeting of its many problems, is a tremendous task. That our school year has run smoothly, and, with a sense of order, can be attributed to the efforts of our principal, Mr. Watson, our Vice-principals, Dr. Reid and Mr. Gilman and those who work with administration.

What is the gravitational pull of a gumdrop? What is the square root of a circle? Questions, questions, and more questions! Of course, not all quite as "way out" as those quoted, but they do prove our point that the life of a faculty member can be quite frustrating.

And yet, they pursue and persist in their

efforts to nurture our intellectual curiosity so that we are not just "taught" but are eager to carry the torch of learning.

To all of our faculty, may this be our testimony that we are grateful, appreciative, and, above all, aware, of your contribution to our future.

They Also Serve

Attention is focused not only on our education but also on our health and welfare. There have been tuberculin tests, physical examinations, wholesome foods and comfortable "quarters" to mention only a few of the many services extended to us. Mrs. Berrien, Mrs. Fabe and Mr. Cole have supervised in their respective departments and in so doing, have contributed to the total picture of our years at Steinert.

Hear ye! Hear ye!

Let it be known that in the year of our Lord, nineteen hundred and sixty four, the graduating class of Hamilton High School East records its chronicle for those underclassmen who will soon inherit our cherished positions. We leave behind fond memories of our years at Steinert, our stay being outstanding in that we were the last class to walk these hallowed halls for five consecutive years.

Our chronicle dates back to the time of "Li'l Abner", the first Steinert spectacular in which we participated. We have since witnessed and worked in many other productions; "The King and I", "Bells Are Ringing", "The Music Man", and, in our final year, "South Pacific".

Turning back the pages, we recall celebrating our freshman "Diaper Day" and hearing Steinert's Alma Mater for the first time. When Steinert was transformed to a senior high school, we found ourselves serving once more as its lowliest students. In this same year our athletic department was enriched by the addition of a cross country team. As we reached the four-fifths mark of our high school career, we look back upon Spartanland being invaded by a flock of new teachers, our first rained-out-door pep rally, the sorrow of losing a great choir master and the happiness of welcoming a new one, and the promising future we found "Over the Rainbow."

The closing pages reveal the events of our final year, those which are most prominent in our minds today and which will remain imprinted forever. Ours to remember is the week when, for the first time, the governors of our student body received recognition from the administration and fellow classmates. On November 22, 1963, in an effort to carry on the traditions and ideals for which our late President, John Fitzgerald Kennedy, had on that very day been assassinated, we attempted to simulate his bravery and courage by camouflaging our sorrow as we proceeded with "Our Winter Love." As the trees began to bud again, we found ourselves on the way to Washington, facing for the first time the problem of crossing the mall. Approaching the climax of our high school days, Class Night offered us the chance to receive recognition for outstanding work, and brought us together for our last social event of the year, when we received our Cresset, the diary of our past years' endeavors. The Baccalaureate service and our outdoor graduation close our chronicle of high school events, but open a much larger chronicle, one which will record our adult lives. As we enter into this new and challenging world, we can be proud and satisfied that we are able to proceed knowing that.....

Fatty,
Best wishes to, without a doubt, the coolest Jr guy its
been my pleasure to know. We've had some cool times together
both in and out of school and I'll never forget them. Keep
smiling and may God bless you.

Steinert's jubilant Juniors, who ... decked in red and white became upper-classmen for a day ... became tried and true thespians when Hamilton East proudly presented "South Pacific" ... were athletically active and Spartanly spirited ... concluded a joyous and jubilant junior year

on May 22 with the choosing of their Sweet-heart Couple and the celebrating of their annual Junior Prom ... completed a wonderful year under the guidance of Mrs. Hickman ... bid the seniors farewell ... but, at the same time, say, "Move over, Seniors, Here WE come!"

CLASS OFFICERS

Left to right, Seated: Sue Lisiewski, Debbie Hutchinson. Standing: John Alphonse, John Wood.

Steinert's Spirited Sophomores who ... obtained the class colors of blue and white ... contributed to the Hy-Liter ... added zest to the cheerleading squad ... provided the Varsity Basketball squad with Darrell Ochs and George Coleman ... participated in many sports ... were honored by having a pair of "shining" knights among them, along with an experienced jet pilot and an equally as

talented parachutist ... provided an excellent source of material for jesting in the Off-Beat columns ... carried on the traditional Sophomore Day ... adjusted to the new form of life here at Steinert after being the "head-men" at Reynolds ... and added much to the school's spirit with their enthusiasm ... and now look forward to being Juniors.

Our Endeavors

N

This year our endeavors have been many and varied. We have explored "New Frontiers" including science and business, academics and sports. We have faced these challenges with conviction and perseverance and, although we were not always successful, have gained some knowlege from each of them.

Jack Serfass
Faculty Advisor

As soon as the induction assembly was over, it was quite evident that the 1963-64 Student Council was setting out to attain the highest goals ever. Heading this year's Council of elected leaders was Robert Murranka, president. Dick Bartlett served as vice-president and the secretary was Sharon Lopez. For the sixth consecutive year Mr. Serfass served as faculty advisor.

The numerous councils within the Council included the transportation, scrapbook, publicity, canteen, executive board, pep rally, citizenship, handbook, and exchange student committees. Some of the highlights of the year included the publication of the first Student Council manual; the activities of the state-wide Student Council Week; the school-wide contest to select a school motto; and the securing of Steinert's first foreign exchange student in April. Plans were also made to send two juniors to South America this summer.

As the integral instrument of the entire student body, this year's Student Council truly enjoyed a most successful, productive year.

Ye Olde Cresset

"YE OLDE CRESSET" STAFF JOURNAL

Dear Journal,

September

Today we started work on the 1964 Cresset. We finally decided the theme will be the "New Jersey Tercentenary" and we have begun work on the opening pages. Ahead of us lie 400 senior write-ups and 164 blank pages. May God speed June!

October

Write-ups, write-ups, and more write-ups have plagued us since the opening pages were completed and they still loom before us. The identification of underclassmen seems endless.

November

Write-ups — will they ever terminate!

December

Happy Holidays — and more write-ups.

January

The end of the year brought the end of the write-ups and we have progressed to other lay-outs and copy.

February

Only 60 more pages to go!

March

Our minds are filled with sports, clubs, and extracurricular activities as the number of pages left to do SLOWLY diminishes. There aren't too many pages or days left until our deadline date.

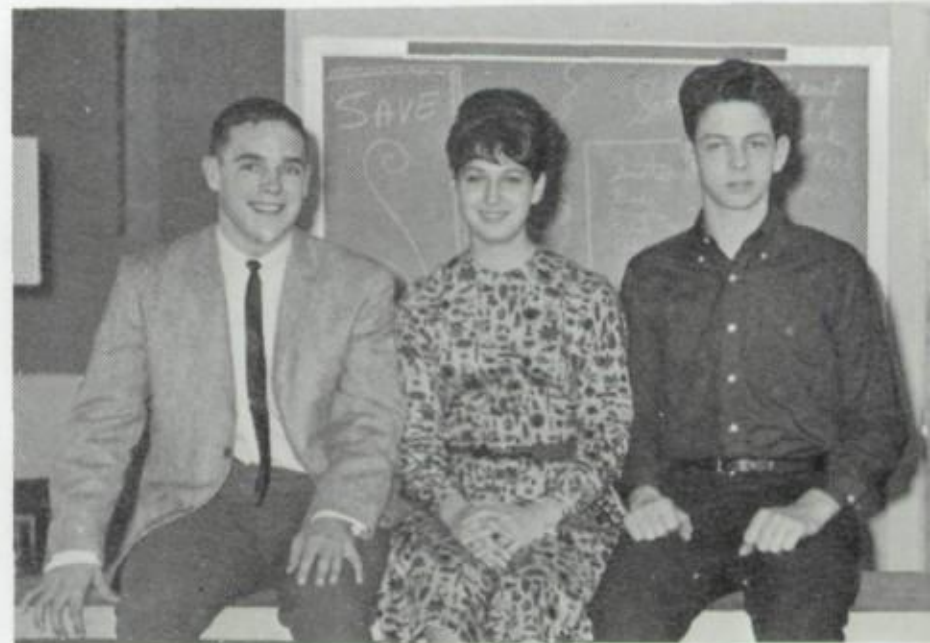

April

April has finally arrived. It doesn't seem possible that seven months of hard work are behind us and that the '64 Cresset is finally at the printers. We have tried to make our yearbook the symbol of the 1963-64 school year. As our yearbook is completed and only the distribution remains, our journal also must here end and we leave our fond memories and experiences recorded for those who follow us. We remain

Faithfully,
The 1964 Cresset Staff

Hy-Liter Highlites

Laughin' and always remember our great junior year. Best of everything next year. Janice

Editor-in-Chief
Christina Grimshaw

"To the stars through work" goes an old Latin saying. Every year this phrase is taken literally by the Hy-Liter staff as it turns out seven "star" editions of the school paper. It was the untiring work of the Hy-Liter staff that led to the achievement of another Steinert first in '64-'65 with the distribution of the first issue of the Hy-Liter on the very first day of school. Under the able leadership of Editor-in-Chief, Christina Grimshaw, its hard-working adviser, Pasquale Varchetto, and with the aid of a talented and dedicated staff, the Hy-Liter was able to offer its readers the all-around superlative newspaper that they deserved.

Best of always luck always "chunks"

The Steinert Honor Society has completed its final year. The members of this organization are seniors who have obtained honor averages for at least three and possibly four of their high school years. Those pictured here received their pins at the end of their junior year.

Under the expert guidance of Mr. Bertram Mott, the society has advanced to become a member of the National Honor Society. The students in our newly established chapter were selected by a committee of administrators and faculty. This spring an induction ceremony conducted by the officers of our sister school, Hamilton High West, was held to officially proclaim our new affiliation.

The work of the Honor Society is centered around graduation. The members, under the direction of Mr. Mott, are responsible for selecting the theme, writing the program and supervising the activities and progress of this most important event. This year, due to the increasingly large number of seniors, the graduation exercises will be held outdoors, a change which will greatly increase the difficulty of this task. These exercises to be held on June 17th will be a fine example of the work and efforts of these people.

Public Speaking and Debating

Under the guidance of Mrs. Frances Gauntt, another year of Steinert oratory has come to a close. However, Steinert did its share of the talking and came out ahead. At the National Forensic League District Tournament in March, John Cody, a junior, won first place in Extemporaneous Speaking and brought home two trophies, one for Steinert and one for himself. The club's president, Thomas Rossi, also won first place, but in Oratorical Interpretation. Tom also brought home two trophies. This was a state contest and it was estimated that about three hundred New Jersey students participated. This is one example of the "good speaking" this club has done this year.

Third Row: R. Murranka, W. Mueller, J. Keresztery, N. Stilwell, W. Graser, D. Wiklanski, Mrs. Gauntt, (Advisor), T. Finn.

Vaughn, I always say I never know what to write in a yearbook but this time I really mean it I guess everything has already been said but I do want to wish you the very best of luck in the future because someone as terrific as you deserves only the best. Luck always! Kathy

Usherettes

The big year ushered forth the annual Parent's night Program, the operetta South Pacific, the Spring Music and Art Festival and many other Steinert High activities.

The Usherettes also ushered forth in their basic green suits and white pearls. These chosen juniors worked long and hard to accommodate the crowds of people supporting these activities. With sincere thanks to them and Mrs. Brearley we close another phase of our endeavors.

Key Club

The Steinert Key Club is a school and community service organization sponsored by the Hamilton Kiwanis Club. Throughout the year the Steinert Key Clubbers participate in many worthwhile activities.

Some of this year's projects were conducted to raise funds for the Hamilton Hospital. These included two car washes and two paper drives. Other valuable activities, under the direction of Mr. Pivovarnick, the faculty advisor, included the distribution of football programs, the decorating and cleaning up after large dances, and the lining and painting of the parking lot lines. Another Key Club project was the 2nd annual spaghetti dinner in which all the Key Clubbers participated.

To the Right: Advisor
Mr. Pivovarnick.

Sing, Sing a Song

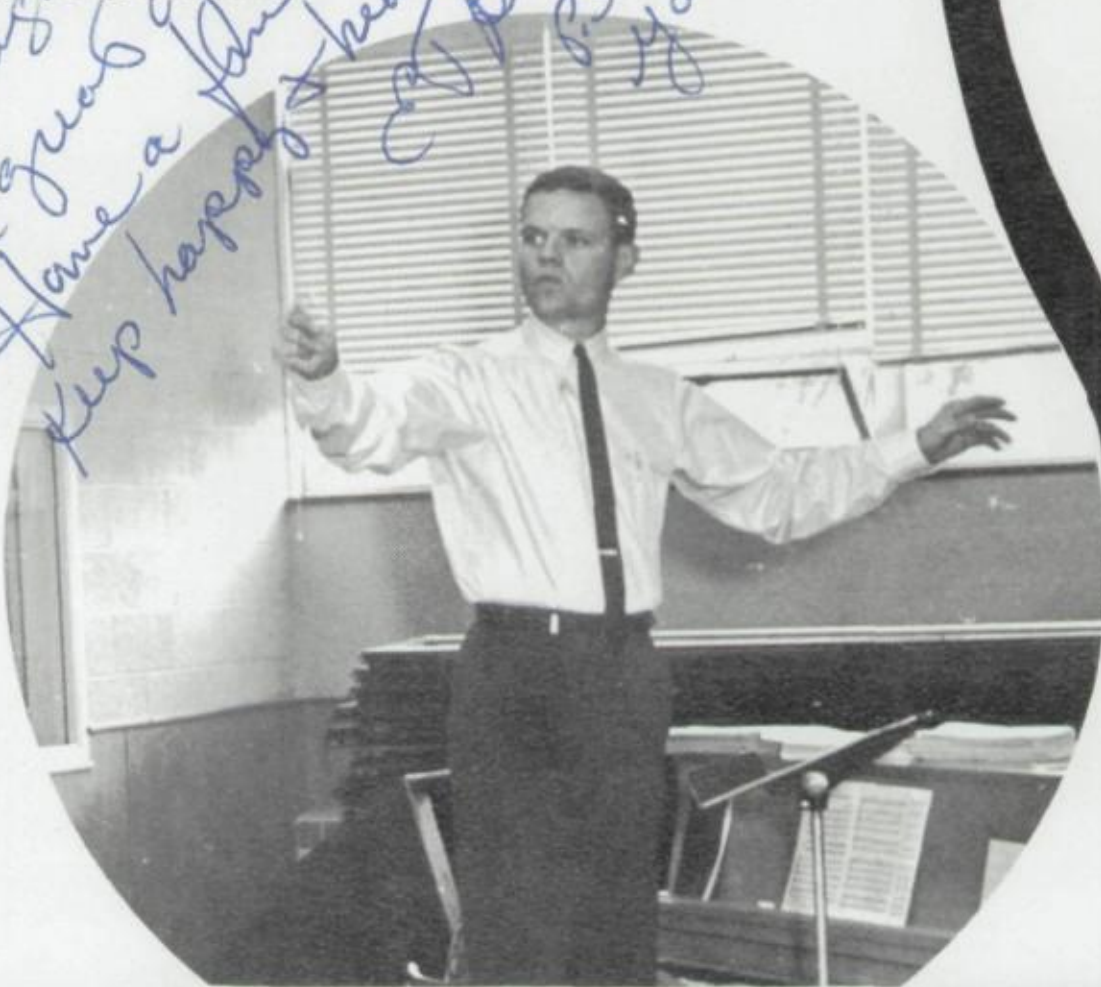

Steinert's choir, under the direction of Mr. Earnest Brahm, has become very popular over the past few years. It gives many performances throughout the courses of the school year.

The full choir, which is the largest singing group in Steinert, performs at the annual Christmas and Spring Concerts and also at Baccalaureate, held the Sunday before graduation.

The most popular of the different singing groups is the Madrigal Choir. This choir is made of a select group of people who perform at special occasions during the year.

This year two new choirs, the Male Glee Club and the Girls' Chorus were formed. These choirs will merge to sing at graduation.

Dance Band

The band at Steinert, under the direction of Mr. Russell Knott, has become an integral part of our school. The Marching Band, in their bright green uniforms, were present at every football game to lead the cheering fans and to provide a thrilling half-time performance requiring precision and musical skill.

The Concert Band has become a superior performing group which gives its annual spring concert every year and also provides the music for the senior graduation. This group performs at other schools and has rapidly been building a fine reputation in the area.

In addition to the Marching Band and Concert Band, there are many other smaller performing groups in existence. The Dance Band has played in many school performances and in the spring concert, and is very popular among the students. A brass ensemble was formed for the Christmas program and this group also went out caroling in the area. The saxophone quartet and the clarinet trio also contributed to the enjoyment of the spring concert.

So, it is evident that the music department is making great strides in providing good music for the school and the community.

The fall season sparkled with the excitement of the football games as the Marching Band, Color Guard and Majorettes heightened the enthusiasm of the crowds with their performances during half-time. These groups participated in their Steinert first this year as Notre Dame and Steinert combined to do a half-time show. New and improved shows and drills were executed under the able leadership of director, Mr. Russell Knott.

Pivo's Sparkling Spartans

The rebuilding varsity booters posted a (5-7-4) mark while wading through a tough schedule laden with area soccer powers. Although the team was dominated by underclassmen supplemented by only four returning lettermen, the Spartan kickers showed the spirit and hustle necessary for a winning season. Pitted against teams of superior experience, the green and white men accepted the challenge and came through with outstanding games against this year's state champs, Trenton, and our always powerful rival, Hamilton.

The offense was sparked by small but mighty senior Bob Parr with seven goals, while captain Bill Hoagland combined leadership with hustle and drive to lead the Spartan defenders. Post season honors came to fullback Bill Hoagland and wingman Tom Gilsanen when they were named to the all-city team.

Cross Country

Finishing off a typical season, the Steinert thinclads compiled a 7-2 record. Co-captained by Scott Hawthorn and Bob Kelly, the Green and White emerged as an area power. Coach Marchand guided his team and concluded another successful season. After a disappointing initial meet against Princeton, the Spartans began to roll, swinning 7 meets in succession. Their second and last defeat was at the hands of a powerful Ewing squad.

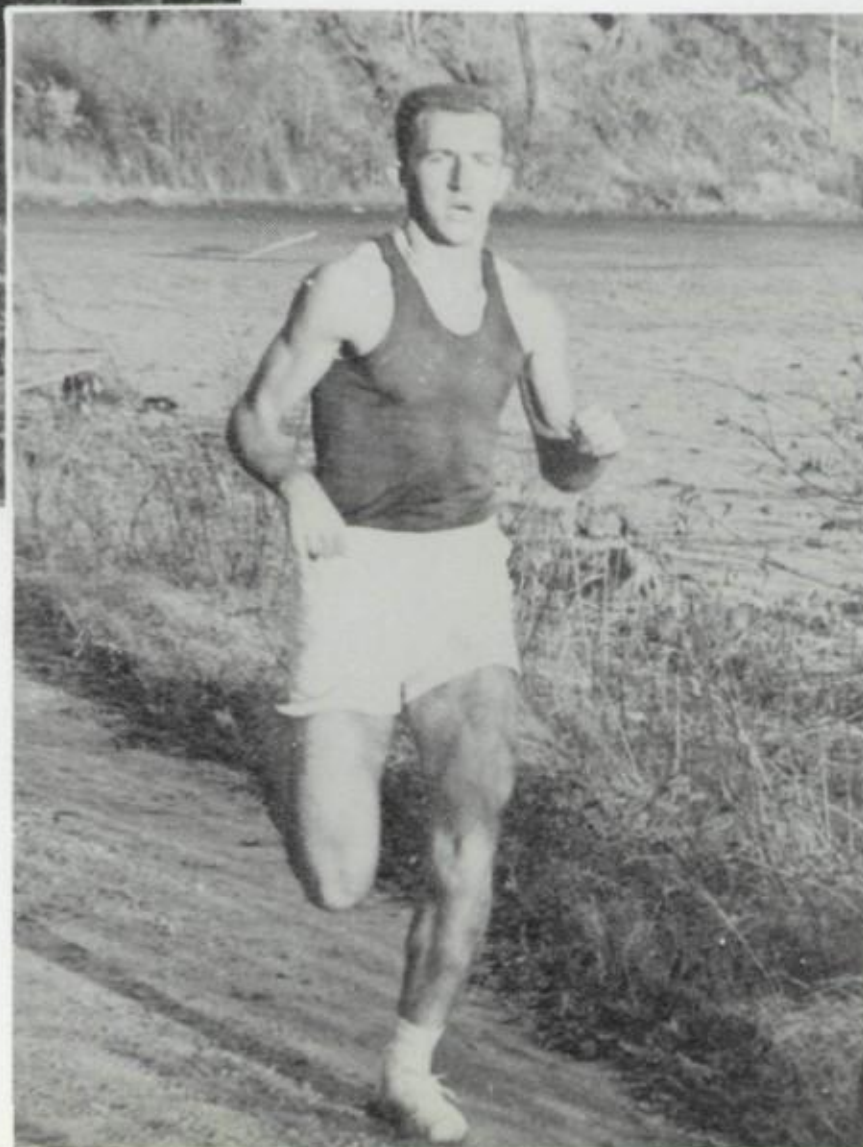

Guided by the efforts of George Senicz, Scott Hawthorn, Bill Carter and Bob Kelly, the harriers chalked up their fourth victorious season. The Spartans were also aided by the strong running of juniors Allen Sears, Al Aspint and several promising sophomores.

Spartan Cagers

The 1963-1964 Steinert basketball contingent, laden with juniors and sophomores, concluded an erratic season with a disappointing 7-11 log. Despite their record, the Spartan courtsters emerged with a new Green and White record when, through sheer determination, they drove to five consecutive decision over such formidable foes as Notre Dame and Thomas Jefferson. In the presence of such powerful opponents as Trenton High, Atlantic City, and Notre Dame, the outmanned Spartans refused to wilt and hustled to never let the verdict become out of reach of their dextrous hands. In spite of the final season outcome, the young Green and White courtsters gained valuable experience to provide the nucleus for a powerful Spartan squad that looms in the near future.

The Steinert varsity baseball squad, under the direction of Coach Dick Leber, viewed the coming season with great optimism. Although the squad had but one returning letterman, Don Bills, the team members felt that a good season was in the offing.

Along with Don, the team boasts a cat-quick infield with short-stop Walt Radomski, second baseman Gary VanDeusen, and first-sacker Bob Cunningham. Back-stop Steve Gould calls the signals for the Spartan hurlers who include Neil Bednar, Gary Strohauer and Tommy Scudder. Roving the outfield for the green and white are Rich Giallela, Joe Cesario and Ron Zoltanski. At the present time the Spartans do seem set for an excellent season, but only time can tell.

CPI—Veteran coach Ed Marchand, hoping to improve upon last year's final tally of 4-4, again was welcomed by the largest turn-out of hopefuls for a Spartan sport. This year's team members have been rated by Coach Marchand as one of the finest group of boys to report for practice. Three weightmen, — Don Watson, a discus thrower, Carl Nugent, a shot putter, and Bob Nielsen, a javelin thrower, were named to guide the Spartan tracksters at the helm of co-captains. Other prospective candidates who have shone potential are junior half-miler, Dick Bartlet,

and a sophomore high jumper, Lenzy Morris. In the polevault the team members have high hopes for senior Bob Grosse, while a sophomore, Eric Guido, is being counted on to add valuable points in the hurdles. Other possible candidates include dashmen, Cliff Harbourt, Bob Murranka, and a quarter-miler, Russell Lokosky. George Senicz and Scott Hawthorn, two distance men, are both being counted on for team aid in the mile run.

"Sports Galore in '64" was the theme of this year's Mother and Daughter Banquet, which took place on May 6, 1964. At this time, awards are presented to those who have participated in the various sports offered by the Girls' Athletic Association. These sports include: hockey, basketball, softball, tennis, swimming, bowling, and volleyball. Points are received for each sport in which the student participates and for other services performed for the G.A.A. and awards are given for the number of points accumulated over a three year period.

Members of the council are: *first row:* Kathy Farrell, Senior Representative; Doris Kite, Junior Representative; Donna Scobie, Sophomore Representative; Cheryl Breese, Secretary; Judy Graziano, Vice-president; Jinny Porter, President; Vivian Brearley, Vice-president; Jackie Lloyd, Treasurer; Jan Perchodny, Secretary. *Second row:* Barbara Divine, Roberta Fisher, Joanne Nelson, Joyce Graham, Mary De'Angelo, Valerie Schleher, Dot Hess, Janet Manetski.

Tradition is the cresset which lights the way through our years at Steinert. It preserves valued ideals and activities which enrich us and our character. Our tradition is the foundation laid by the first class of Steinert for following classes, which has since been broadened and built upon, and which each class has a duty to uphold.

The aura of a winter wonderland set the stage for the sixth annual Senior Ball held November 22, 1963. A snow-laden ski lodge formed the background for Walt Mellor and his orchestra, as couples danced to the strains of "Our Winter Love". The crowning of the Senior Ball Queen climaxed the never to be forgotten evening.

The mad rush to convert Steinert's stage into a romantic, fun-filled isle in the South Pacific began early in November, whirled on throughout the winter months and ended on February 13, 14 and 15 in the Steinert tradition, with a tremendously successful performance. The romance between the Frenchman Emile

and Nellie, an American nurse, combined with the hilarious antics of the conman Luther Billis and Tonkinese Bloody Mary and the tragic love of Liat and Lt. Cable gave way to an unforgettable experience for both audience and performers.

On March 11, 12, and 13th, a convoy of 7 buses from Spartanland invaded our Nation's Capital carrying 297 seniors, 16 chaperones, and Mr. Caffrey! During our three day stay, we toured many of the historic sites. We honored the Hotels Continental and Plaza with our presence and were honored to see monuments dedicated to the memories of Lincoln, Jefferson, and Washington; the hallowed corridors of the Supreme Court Building; the wonders of the Smithsonian Institute; and the awesome rotunda of our nation's Capitol Building. We gazed with quiet and subdued respect upon the graves of our fallen President Kennedy and others who, like him, gave their lives for our country. The buses carried home not only weary travelers, but also fond and cherished memories of the city of Washington, D. C.
